

Lehenaghmore Road Improvement Scheme: Update 23/03/2026.

Night-time road closures

- **Tues 31st March: Bridge installation Pouladuff Road**
- **Wed 1st April: Drainage installation Togher Road**

Bridge installation on Pouladuff Road:

I am following up on our notification distributed on 25th February 2026 regarding the road closure to facilitate the bridge installation on the Pouladuff Road. We are scheduled to carry out this task between 22.00hrs on Tuesday 31st March and 06.00 hours on Wednesday 1st April. The Pouladuff Road will be closed between Forge Hill junction and Manor Farm entrance, with diversion routes signposted. Local access will be maintained during this closure. Please note that the bridge installation operation is weather dependent and, in the event of unsuitable weather conditions, it is our intention to carry out the installation on one of the subsequent nights, at the same times. We have picked these dates/times considering that they are during the Easter school holidays and are during off-peak traffic flows in the area.

Road Closure Pouladuff Road 31st Mar 2026.

Road closed between blue arrows. Bridge install shown in yellow.

Drainage Installation on Togher Road:

I wish to inform you that we are scheduled to install a road crossing drainage connection on the Togher Road overnight on Wed 1st April 2026, at the location marked in yellow on the sketch below. It will be necessary to close the Togher Road to facilitate this task, from 19.00hrs on Wed 1st April until 06.00hrs on Thursday 2nd April 2026, with diversion routes signposted. Local access will be maintained during this closure.

Road Closure Togher Road 1st April 2026

Road Closed between Blue arrows and drainage crossing location shown in yellow.

If you have any query regarding the above, please come back to me.
