Lehenaghmore Road Improvement Scheme: Information Note 17th Sept. 2026

This information note follows on from our last monthly update as distributed on the 4th of Sept. 2026.

Surfacing of Togher Road.

As mentioned previously, it is our intention to lay the final layer of tar on the Togher Road next week, commencing on Monday 21st Sept. and being completed on Friday 25th Sept.

- Surfacing will take place from the Route 14 bar up to Barrett's Cross and will be carried out using Stop/Go traffic management.
- **Please note that these works will be carried out at night time, in order to keep traffic impact to a minimum. Our working hours each night will be from 8.00pm to 6.00am.**
- New road markings will be installed upon completion of the final tar layer. This will require a minimum of 2-way temporary traffic lights whilst these works are ongoing.

If there is any change to the work programme we will endeavor to communicate any significant changes to residents and stakeholders in a timely manner. We will try to minimise the disruption caused during these essential works and apologise in advance for any inconvenience that may be caused.

Ahead of next week's surfacing on the Togher Road, we will be completing outstanding preliminary surfacing works at, and adjacent to the entrance to Glenmore Heights from 8pm tonight, Friday the 18/09/26.

Next Monday, during normal working hours, we will be raising the last of our ironwork covers in preparation for laying of the final layer of tarmac, at the lower end of the Togher Road by the old Route Fourteen Bar.

Please ensure that there are no cars parked on the Togher Road during night time hours so that we can complete our works efficiently.

We would like to thank you for your cooperation with these works.

Kind Regards,
Peter O'Donoghue
Contractor's Liaison Officer
